D.O. Letter No. ED/MSFDA/2023-24/202

Dt: 21/06/2023

Dear *Vinod,*

You are aware that the Maharashtra State Faculty Development Academy (MSFDA) had specially designed a three day leadership program titled "Leading the Change" from 3rd to 5th March 2023 for the Vice Chancellors, Pro-Vice Chancellors and Directors, Joint Directors of Higher & Technical Education. The participants highly appreciated the program.

2. Along the same lines, we are now organizing a three day program titled "**Leadership Development through Outdoor-based Experiential Activities**" - from 7th to 9th July 2023 at **High Places, Garudmaachi specially for Principals of Autonomous Colleges of Maharashtra**. A detailed note on the program, along with the registration link is enclosed.

3. May I request you to encourage from your side the Principals of all Autonomous Colleges from Higher and Technical Education to participate in this program. Since the intake capacity is limited, they may be requested to register early, and by 26th June positively.

4. For further details, the Principals may contact the following:

- Prof. Naresh Chandra, mobile 9820888494, drchandra.naresh@gmail.com
- Dr. Vijay Joshi, mobile 9930179920, vijay.joshi.rusa@gmail.com
- Dr. Harshada Babrekar, mobile 9890293338, drharshada.msfga@gmail.com

Encl: As above

Yours *affectionately,*
Nipun Vinayak
(Nipun Vinayak)

To,
Shri. Vinod Mohitkar.
Director, Technical Education Department, Maharashtra.

Copy for kind information to:

1. Principal Secretary, Higher and Technical Education Department, Mantralay, Mumbai.

Leadership Development through Outdoor-based Experiential Activities - a three-day residential programme

About

Maharashtra State Faculty Development Academy (MSFDA) announces a three-day in-person, residential capacity building “Leadership Development through Outdoor-based Experiential Activities” programme exclusively for the principals of Autonomous colleges across Maharashtra.

This programme provides opportunities for the participants to engage in outdoor-based experiential reflective processes for developing leadership traits. The aim of the programme is to equip the leaders in higher education to perform their role as academic leaders; creatively and constructively in the landscape of higher education.

The programme has been highly appreciated by the Vice Chancellors, Joint Directors and Principals of Government Colleges from across Maharashtra who have participated earlier in the programme.

Rationale

NEP 2020 promotes holistic development. Leadership traits can be inculcated in an individual through well designed outdoor based activities involving teamwork, challenges and reflective discussions. Though outdoor based Experiential methodology is an unconventional medium, it is well researched and established tool for individual and organisational development.

The outdoor ambience will provide the essential space, openness, purity, intensity and diversity to create the fundamental platform for enabling reflection and learning.

The experiential learning medium will be effective for exploratory and developmental purposes. It will help to experience self/group in real time engagement that involves the physical, mental and social aspects of every being. The golden trio of ‘thought, feel and action,’ that create dynamics in self and in groups; work in tandem, when engaged in experiences created through well-designed activities.

About High Places

High Places Management Pvt.Ltd. (www.highplaces.co.in), located at Garudmaachi near Tamhini Ghat has pioneered the concept of Outdoor based Management Development Programmes in India in 1989 and has specialised in this field. A large number of top corporate and public sector organisations/institutions (over 700) have benefited from these training.
