महोदय,

Indian Society for Technical Education (ISTE), हे BNY च्या सहकार्याने, अभियांत्रिकी संस्थांमध्ये काम करणाऱ्या शिक्षकांसाठी उद्योगमुख तंत्रज्ञानावर आधारित ऑनलाइन पद्धतीने "क्लाउड कॉम्प्युटिंग" या विषयावर कौशल्य विकास प्रशिक्षण कार्यक्रम आयोजित केला आहे. सदर प्रशिक्षण संगणक विज्ञान/आयटी/संगणक प्रणाली / नेटवर्किंग / प्रोग्रामिंग / ऑपरेटिंग सिस्टम इ.मध्ये विषयाशी संबंधित अध्यापकांसाठी असून, प्रशिक्षणास इच्छुक अध्यापकांना गुगल फॉर्म भरून प्रशिक्षणासाठी नोंदणी करावी लागेल. सदर प्रशिक्षणासाठी संस्था किंवा अध्यापकांना कोणतेही शुल्क लागणार नसून ते पूर्णपणे मोफत आहे. तसेच अध्यापकांनी प्रशिक्षणासाठी आवश्यक उपस्थिती आणि कामगिरीसह प्रशिक्षण यशस्वीरित्या पूर्ण करणे अपेक्षित आहे.

प्रशिक्षणासाठी खालील लिंकवर क्लिक करून नोंदणी करणे आवश्यक आहे.

<https://forms.gle/ur425ih7TFVPTrdM6> (सदर प्रशिक्षणासाठीची नोंदणी लिंक २०.१.२०२५ पर्यंत खुली राहिल.)

सदर प्रशिक्षणाबाबतची सविस्तर माहिती Indian Society for Technical Education (ISTE), यांच्या ई-मेल मध्ये दिलेली आहे.

तरी याबाबत आपणांस कळविण्यात येते की, आपल्या अधिपत्याखालील सर्व पदवी/पदविका संस्थांमधील संगणक विज्ञान/आयटी/संगणक प्रणाली / नेटवर्किंग / प्रोग्रामिंग / ऑपरेटिंग सिस्टम या विषयाशी संबंधित जास्तीत-जास्त दोन अध्यापकांना उपरोक्त नमूद केलेल्या लिंक वरील कार्यक्रमात सहभागी होण्यासाठी संस्थेच्या प्राचार्यांना अध्यापकांच्या नावांची शिफारस करण्यास सूचित करावे. प्रशिक्षणासाठी करावी. सदर प्रशिक्षणाच्या अनुषंगाने अधिक माहितीसाठी कृपया istedhq@isteonline.org वर ई-मेल करण्यात यावा.

Participation in Skill Development training program for faculty in "Cloud Computing"

As you are aware that ISTE in collaboration with BNY, is organising a Skill Development Training Program in **Cloud**

Computing, focusing on Emerging Technologies for teachers working in engineering institutes. The goal of this initiative is to bridge the gap between Industry and Academia by equipping faculty with the knowledge of the latest technological trends.

Now, ISTE & BNY is planning to conduct the skill development training program on "Cloud Computing" for interested faculties in online mode very shortly. The interested faculties have to register for training by filling the google form. Please note neither Institute nor Faculty have to pay any fees/ charges for this training. It will be totally free for them. However, it will be the responsibility of the Institute to spare faculty for training as per schedule and faculty is expected to complete the training successfully with required attendance and performance during program.

Eligible faculties for attending the training

- Faculty members from Computer Science or IT-related disciplines or any other discipline with certification in Computer Systems / Networking / Programming / Operating Systems.

The registration can be done by clicking the link given below:

<https://forms.gle/ur425ih7TFVPTrdM6>

I appeal to you to encourage participation in these programs. Further, I request you to circulate this information among the nearby institutions of your place and appeal to them to participate in this program. In case, any queries please mail to istedhq@isteonline.org

The registration link will be open till 20/01/2025

Benefit to Institute:

1. Opportunity to provide training to faculties in emerging areas through experts
2. Trained teachers have to conduct training program for students in the area they are trained.
3. Opportunity for students to gain knowledge in emerging areas
4. Possibility of taking Industry based projects in these areas.
5. Skilled faculties will be an asset to the institute.

Benefit for Faculty:

- Gain knowledge on trending technology at no cost.
- Earn a recognition certificate on successful completion of the final assessment with full attendance.
- Self-development in emerging areas is possible with this knowledge.

Please identify the eligible faculties who are having basic knowledge and ready to train students after successful completion of training.

Salient features of the program

- Institute can nominate maximum 2-faculties each program.
- The final selection for the program will be based on the performance in pre-assessment test.
- Faculties selected will be given online training @ 2hours per day. It may vary depending upon the situation.
- Training will be followed by regular assignments and tests and final test at the end of the program.
- The faculties fulfilling the attendance criteria and having performance above the norms fixed will be eligible for certification.
- After the successful completion of training the faculties have to train at least 100 students in the area they have acquired training.
- The names of faculties are to be recommended by the institute only. It will be the responsibility of the institute to spare faculties for training during training hours.
- Institutes can have well trained faculties in emerging areas. This will help to enhance the standard of institute

Actions to be taken by the Institute:

1. Identify the faculties for training and recommend them for training
2. Spare selected faculty for training during the training schedule.
3. Provide necessary motivation and support to faculties undergoing training.
4. Arrange for training of students through these trained faculties.

We all are aware that every institute is starving for excellence. This is one of the golden opportunities which you should not miss, where you can train the qualified and suitable faculty who in turn can continue to train your students.
